

POLICIES, REQUESTS, AND SUGGESTIONS

We look forward to you visiting the Ranch. We want your stay to be pleasant, filled with adventure and fun, and have you leave here with wonderful memories. The following are to help you understand what we expect of you:

BOOKINGS: You are at liberty to book any 2+ days for your reunion. Our only hard/fast exception is that we do not split Fridays and Saturdays. You must leave either on Friday or Sunday morning....not Saturday.

RANCH AMENITIES: Currently the local phone company is placing a small cell tower on our hillside as well as fiber optic cable for our facility. Most phones should work here from now on. The refrigerators, freezer, walk-in cooler, pavilion with griddles and firepits are all available to you at no cost. Pavilions may be reserved.

PERSONAL ITEMS, TOILETRIES, ETC: If you forget something, ask us—we probably have one/some and would be happy to 'share', ie shampoo, toothpaste, bug spray, iron, etc.

CARE OF PREMISES: Groups are responsible for their own clean up, with exception of the private rooms in the Ranch House. We ask that one individual be assigned to be accountable. He/she will be given a checklist. Cleaning equipment will be provided.

BEDDING/TOWELS: Because of our remoteness, laundry for large groups becomes a problem. Linens are provided for the private rooms, however we ask that you bring sleeping bags or your own bedding and towels if you are staying in the other areas.

SMOKING POLICY: No smoking in buildings. Please snuff ashes and place cigarette butts in appropriate receptacles. Do not throw cigarette butts on the grounds.

ALCOHOL POLICY: Consumption is allowed, however, we expect that our guests will act responsibly and not be disruptive to other guests. We reserve the right to ask a guest who is disruptive to leave the premises.

FIREARMS POLICY: We ask that there be no use of firearms on any private property, including the Ranch. Please feel free to ask us for recommendations where to go for gun practice, target shooting, etc.

FIREWORKS: We don't encourage families to bring them.

4-WHEELERS/MOTORBIKES/BICYCLES, ETC: You are welcome to bring them to the Ranch. However, we ask that you not use them on the property other than to park them and to get access to the county

road, which is directly in front of the Ranch. It leads into a canyon that has lots of places and side roads to explore. Please ask us for information. To drive any motorized vehicle on the county road requires a drivers license.

NOISE: We want you to have lots of fun while you're here. After 10:30 PM we ask that you keep the noise down so all of us can enjoy the wonderful quiet here in the mountains. Be sure to enjoy the stars at night!

CAMPFIRES: Wood is abundant in this area. Groups are welcome to gather it in the surrounding woods—or bring your own. **PLEASE BE CAREFUL WITH FIRE!** We have experienced devastating fires in this area in the past and certainly don't want to repeat. Keep fire contained in the large fire pits. When you make a fire in a pit, we ask that a responsible adult supervise. We may have enough roasting sticks for your group.....ask us.

THE 'STREAM' or SLIDE: If little children are in the water, please have a responsible adult supervise. Please ask children not to throw the rocks from the stream onto the lawn. Rocks need to stay in the water.

RENTAL ITEMS: We have several items to rent. Be sure they are well cared for and returned to the office.

ARRIVAL/DEPARTURE TIME: Ideal arrival time is 2 PM, however, you may arrive earlier if arranged. Departure is 12:00 noon, unless otherwise arranged with the management.

THANK YOU!
